

Sinclair  
Broadcasting uses  
our airwaves without  
cost. They are  
therefore obligated  
to our (the  
public's) interest.  
Unfortunately, they  
are more interested  
in their bottom line  
and in pushing their  
political agenda  
than with democracy.

I say this because  
Sinclair is forcing  
their stations to  
air an anti-Kerry  
documentary right  
before the election  
in an obvious  
anti-democracy move.  
This is a clear  
example of how  
consolidating media  
power can be so  
dangerous. We need  
news and quality  
analysis, not  
forced, paid  
propaganda.

One-sided programs  
like 'Stolen Honor'  
don't serve the  
public interest and  
actually harm  
democracy. It shows  
that license renewal  
should be a serious  
process that looks  
at what public good  
they are giving for  
their free use of  
our airways. If  
they are not giving  
us value, there are  
certainly other  
local choices that  
will. Thank you.
